

2024 Q2

Greetings!

At Access Advantage we monitor market activities affecting our post-acute Members. One of the things we monitor is Medicare Advantage (MA) enrollment growth across Ohio's 88 counties. Surging well beyond Medicare's originally forecasted 30% of beneficiaries, MA enrollment in Ohio now exceeds 50% in some urban counties and 40% in many rural counties.

Attached as requested is our Medicare Advantage Ohio Penetration Report containing:

- Medicare Advantage Payers and Enrollment by County
- Medicaid Gen 2 Payers and Enrollment by County
- Managed Medicare and Medicaid Payer Descriptions

Founded in 2009, our PAC (Post-Acute Care) Members foresaw a day in which their managed care admissions would exceed their traditional Medicare admissions. Knowing their expertise was quality care they formed Access Advantage Post-Acute Provider Network, with the expertise needed to achieve their vision of strong and effective managed care relationships and solutions.

Today we have over 45 Members, working together with over 20 managed care payers. If you'd like more information about becoming an Access Advantage Member, please call us! We are always excited to partner with quality providers to achieve that vision.

Sincerely,

Renee Cummings

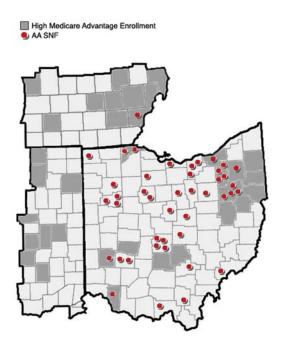

CEO

Testimonials

"Things are much smoother with Access Advantage as opposed to other networks we worked with in the past."

Anthony Wheaton, Administrator Crystal Care Center of Mansfield

Mansfield, OH

"AA and RHC work well together, and we appreciate the service and the extra consideration we receive from you. It's a rare example of a business relationship that is mutually respectful; thank you for making that a reality."

Deacon Mark C. Yantek, LNHA, Executive Director Regina Health Center

Richfield, OH

"We are very grateful for our partnership with Access Advantage, what a difference!"

Stacy Terrell, Chief Health Services Officer Kendal at Oberlin Oberlin. Ohio

"Access Advantage brings value add to the table. We didn't have that before."

Ann O'Malley, CFO Kendal at Oberlin Oberlin, Ohio

"We chose to engage Access Advantage primarily to gain traction with new managed care organizations. A single proprietor has little hope of engaging an insurance company who has a "closed panel". However, Access Advantage in their representation of hundreds of beds across Ohio has the credibility and the bargaining power that opens doors and ears. In our first three months we've added five important managed care contracts to our portfolio of payors and look forward to engaging more as conditions warrant."

John Stone, Administrator Merit House Senior Community Toledo, Ohio

"Working with Access Advantage allows us to customize our payer activities specific to our needs. Their ability to competitively market Ohio Eastern Star Home to managed care decision makers has resulted in contracts targeted by us."

Michele Englebach, CEO

Ohio Eastern Star Mount Vernon, Ohio

"Our relationship is very good with Access Advantage. Any questions are handled promptly and professionally."

Cathy Walters, Business Office Manager Crystal Care Center of Mansfield

Mansfield, OH

"Access Advantage is a wonderful organization. Good Shepherd Home has truly benefited by our membership with them."

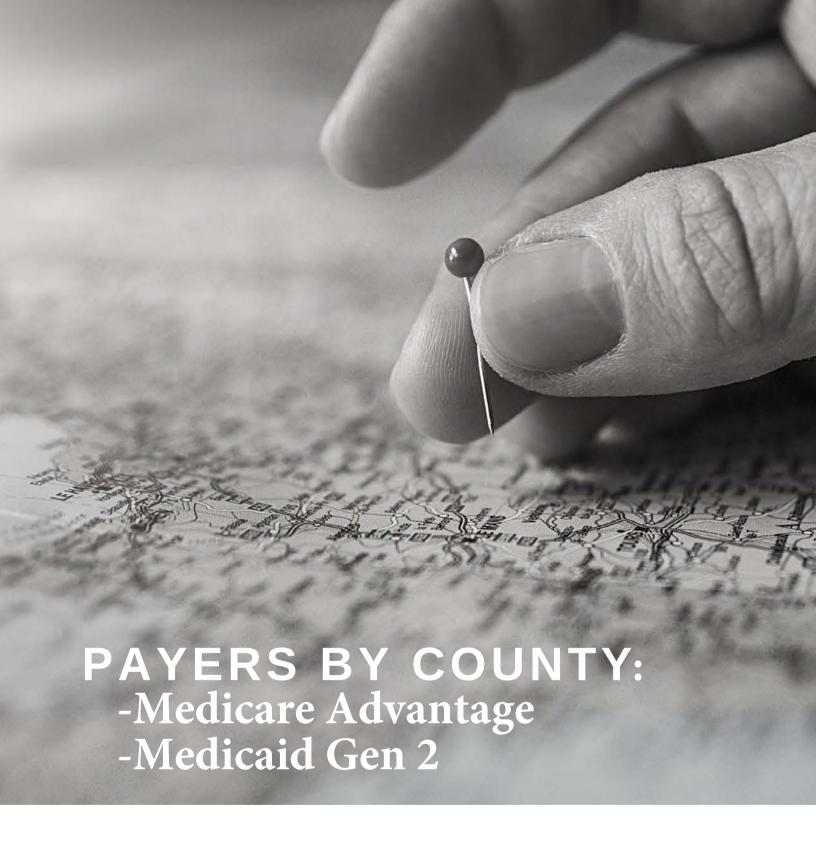

Chris Widman, Executive Director

Good Shepherd Home

Fostoria, Ohio

"As an Administrator and Registered Nurse in the long term care and skilled nursing business for 26 years I have seen a lot of changes. One of the areas most difficult for me to navigate is the insurance and contracting portion. Access Advantage goes above and beyond with tools and reports that make things easier for me and my staff as well as joining us in meetings with payers and assisting us by highlighting our performance which allows us to be competitive with larger facilities and chains in attracting payers and contracts. When Access Advantage is involved in our contracting, I feel more confident we are better positioned to be successful! "
